

Instructions:

1. Click on File -> Make a copy

Include your IPO Chart with your code in Eclipse IDE: We will discuss and demonstrate this in the computer lab.

IPO CHART

Program name:	Project	
INPUT	PROCESS	OUTPUT
Hint: What will the user input?	Hint: What is the program going to do with the input information?	Hint: What will the screen display after user input?
<ul style="list-style-type: none">- Input designing time- Input coding time- Input debugging time- Input testing time	<ul style="list-style-type: none">- Add all the variables together to make a new variable- Divide input by total and times by 100. Repeat for all variables	<ul style="list-style-type: none">- Print the results of all variables.
